

## Completely pre-assembled Signal Towers / ClearSIGN Fixing bracket WH

**Part No.:** 975.656.01

### MECHANICAL DATA

|                       |        |
|-----------------------|--------|
| Length                | 107 mm |
| Width                 | 104 mm |
| Height                | 37 mm  |
| Housing colour        | White  |
| Weight with packaging | 257 g  |
| Product weight        | 228 g  |

### APPROVAL DATA

|                               |                                |
|-------------------------------|--------------------------------|
| Conforms with CE              | No                             |
| Conforms with RoHS directive  | Fulfills substance restriction |
| WEEE                          | No                             |
| Conforms with ATEX-directive  | No                             |
| Conforms with CCC             | No                             |
| Conforms with UL              | No                             |
| Conforms with FCC             | No                             |
| Conforms with IC              | No                             |
| EAC certificate available     | No                             |
| Conforms with UKCA (Importer) | No                             |
| Conforms with AS-I            | No                             |
| ICAO Certification            | No                             |
| Conforms with DNV             | No                             |
| Conforms with RoHS CN         | No                             |

## Fixing bracket WH

Technical drawing of a mechanical part, showing three views: front view (top), top view (bottom), and side view (left).

**Front View (Top):** Shows a rectangular part with a semi-circular end. Dimensions include a total width of 70, a semi-circular end radius of 15, and a total height of 37. There are three circular features: two small holes labeled  $2 \times \varnothing 6,5$  and one larger central hole labeled  $\varnothing 15,5$ . The distance from the bottom edge to the center of the large hole is 22,5.

**Top View (Bottom):** Shows the plan of the part. Dimensions include a total width of 103,5, a semi-circular end radius of 15, and a total depth of 106,5. There are four circular features: one central hole labeled  $\varnothing 15,5$  and three smaller holes labeled M4x0,7. The distance from the bottom edge to the center of the large hole is 26,5. The distance from the left edge to the center of the large hole is 47,5. The distance from the top edge to the center of the large hole is 78,5. The distance from the top edge to the center of the top-left small hole is 31.

**Side View (Left):** Shows the profile of the part. Dimensions include a total width of 4 and a total height of 2.
