WERMA Signaltechnik GmbH + Co. KG is a growing international company with more than 390 employees at 8 locations. The family-owned company, founded in 1950, is a global market leader in signalling technology, and is also a global market and technology leader in signalling.

The company has established a new industrial standard with modular signal towers. Today, WERMA provides visual and acoustic signalling devices and related systems for process optimisation in industry and logistics. And WERMA takes signal technology one step further: Networking multiple signal devices creates solutions that help customers analyse and optimise production, logistics and assembly processes quickly and easily.

The WERMA product range is completely tailored to the needs and applications of our customers from a range of industries.

Compatibility, maintenance and optimisation, with a unique level of quality: This is what we call intelligent signal technology.

Discover how easily the networking of machines, production logistics and manual workstations can work with our retrofit solutions. Thanks to WERMA, this gives you a clear overview at all times and to initiate the right process improvement steps. More on www.werma.com/network.

630/631

Modular Signal Tower KombiSIGN 40 in Classic- or DesignLOOK Ø 70 mm

Optical Signal Elements

- TwinLIGHT
- TwinFLASH
- Multicolour

Audible Signal Elements

- 2-Tone Siren ^{a)}
- 4-Tone Siren ^{b)}
- 8-Tone Siren ^{c)}

Accessories

- Mounting for Base, Tube, Bracket and Single Hole Mounting
- Indication Board for all Mounting adapters

IO Link terminal element

USB terminal element

645/647

Modular Signal Tower KombiSIGN 72 in Classic- or DesignLOOK Ø 70 mm

Optical Signal Elements

- TwinLIGHT
- TwinFLASH

Audible Signal Elements

- 2-Tone Siren ^{a)}
- 8-Tone Siren ^{b)}
- Buzzer ^{c)}
- Siren Element ^{d)}
- Multi-functional Siren ^{e)}
- Siren element with self-adjusting sound output ^{f)}
- Vocal Elements ^{g)}

Terminal Elements

- Terminal Element M12 (5 and 8 pole)

Accessories

- Mounting for Base, Tube, Bracket, Single Hole Mounting
- Indication Board (only for Tube Mounting), Info transparencies

IO Link Element

AS-Interface Element

640-645

Modular Signal Tower KombiSIGN 71 Ø 70 mm

Optical Signal Elements

- (LED) Permanent Light
- (LED) Flashing Light
- LED Permanent Light ultrabright
- LED EVS Element
- LED Blinking Light
- LED Rotating Light
- LED Permanent Light multicolour

Audible Signal Elements

- 8-Tone Siren ^{a)}
- Buzzer ^{b)}
- Siren Elements ^{c)}
- Multi-functional Siren ^{d)}
- Sounder with self-adjusting output ^{e)}
- Vocal Elements ^{f)}

Terminal Elements

- Terminal Element with USB Interface
- Terminal Element M12 (5 and 8 pole)

Accessories

- Mounting for Base, Tube, Bracket, Single Hole Mounting
- Indication Board (only for Tube Mounting), Info transparencies

AS-Interface Element

IO Link Element

AndonLIGHT

Andon SmartBOX

AndonCONTROL/ Connection Set

KombiSIGN reflect

**649**

CO₂ Traffic Light

Variants

- 1000 ppm
- 800 ppm
- 1000 ppm UK/AU

698/699

LED Signal Tower KOMPAKT 37 (1-5 tiers) with ClassicLOOK

699

698/699

LED Signal Tower KOMPAKT 37 (1-5 tiers) with DesignLOOK

699

694

LED Signal Tower deSIGN 42 (2/3 tiers)

657

eSIGN – electronically modular signal tower

Variants

- 24V
- IO Link

695

LED Signal Tower CleanSIGN for Wall, Base or Ceiling Mounting

691

LED Signal Tower FlatSIGN with transparent housing

691
**LED Signal Tower
FlatsIGN in silver finish**

690
LED Signal Tower VarioSIGN

230

LED Installation Beacon M20

231

LED Installation Beacon M22

232

Installation Flashing Beacon M22

239

LED Installation Beacon (Multicolour) M22

240

**LED Installation Beacon
(Multicolour/MC55) M30**7 or 3 colours in
one beacon

241

**LED Installation Beacon
(Multicolour/MC35) M22**7 or 3 colours in
one beacon

260

EvoSIGNAL - Mini

TwinLIGHT

TwinFLASH

Variants

- TwinLIGHT
- TwinFLASH
- TriCOLOUR

Mounting adapter (always required)

- Base mounting
- Installation mounting M22
- Installation mounting PG29
- Tube mounting
- Bracket mounting with cable gland
- Bracket mounting

800/801/802

Installation Beacon Ø 37 mm (PG29)

802

Variants

- (LED) Permanent Beacon
- Flashing Beacon

816

LED Beacon (Multicolour) with USB Interface Ø 37 mm (PG29)

261

EvoSIGNAL - Midi

Variants

- TwinLIGHT
- TwinFLASH
- TriCOLOUR
- Rotating Light

Mounting adapter (always required)

- Base mounting
- Base mounting with cable gland
- Tube mounting
- Bracket mounting with cable gland
- Bracket mounting
- Horn

262

EvoSIGNAL - Maxi

Variants

- TwinLIGHT
- TwinFLASH
- Rotating Light

Mounting adapter (always required)

- Base mounting
- Base mounting for cable exit at side
- Bracket mounting with cable gland
- Bracket mounting with concealed cable entry

806

Monitorable LED Permanent Beacon

829

Monitored LED Permanent Beacon

883/884/885

Rotating Mirror Beacon LED/ Revolving Signal Beacon LED

Variants

- LED Rotating Mirror Beacon (883, 885)
- LED Revolving Signal Beacon (884)

280

LED Obstruction Light Low-intensity Type A and B

281

LED Obstruction Light Low-intensity Type A and B

839

Heavy Duty Beacons

Variants

- Double Flash Beacon
- LED Permanent Beacon
- LED Rotating Beacon

853

FlexSQUARE Traffic Light

853

FlexSQUARE

Variants

- LED Permanent Beacon
- LED Double Flash Beacon
- LED EVS Beacon

890

(LED) Permanent/Traffic Light

895/897

Permanent/Double Flash Light

897

894

LED Beacon/ LED Traffic Light

Variants

- Clear lens
- Coloured lens

Products in compliance with the AS-Interface specifications; certified by
AS-International Association

All WERMA products bearing the CE mark conform to current EU regulations
and are tested for adherence to EMC codes.

The UKCA mark (UKCA = UK Conformity Assessed) is the new UK product marking
required for certain products placed on the market in the UK (England, Wales and
Scotland). It affects most products that previously required the CE mark.

This mark confirms that the product is suited
for the intended application

The EAC symbol confirms that the product has undergone the conformity
procedures and has met its technical requirements.

Fraunhofer-Institut – Certificate for chemical resistance and suitability for
use in clean rooms

ICAO (International Civil Aviation Organisation)

Products with this mark have been tested and registered by UL for the North
American market. This certification is also valid for Canada. The WERMA
production facility is audited by UL.

EVS (Enhanced Visibility System) is a stochastic flickering light with optimal
attention-grabbing characteristics developed on neuro-biological foundations

Combines two light effects in one product (also suitable for use as escalation
levels). TwinLIGHT: Permanent and Blinking Light

Combines two light effects in one product (also suitable for use as escalation
levels). TwinFLASH: Flash and EVS

WERMA offers three signal tower solutions with the standardised IO-Link
technology to enable sensor/actuator communication.

Epilepsy warning: People who suffer from photosensitive epilepsy may suffer
epileptic fits or other loss of consciousness if exposed to certain types of
flashing lights or other light effects. This might also occur in people who thus
far have not suffered any sort of epileptic fit.
